Please stop all work. I am pursuing other avenues to obtain the clause. If I need to reactivate the request, I will let you know.

Mike

I do understand Mr. Hennessey,

But, if you can allow me until the end of July, the 31st, I should be able to provide you the information.

I did get the contract file, have started the reviewing and the next thing is the fee.

So far the fee is up to 45.25 and this includes my search and review and the Manager's review fee but it does not include Peer Review time which should not exceed \$14.00, it that much.

So, with your initial request indicating \$25.00 and the search and review time has already exceeded that, can I also get an estimated fee amount of \$60.00 approval as well.

We need this information for our planning for an RFP response. It would seem to me that I should be able to get a response by the end of July. My last FOIA request took eight months. I hope for a better result this time.

Mike

Importance: High

Good Morning Mr. Hennessey,

How much extra time can you approve?

This contract information is not located in the DC office and I am still awaiting response from the CO?

Good Morning Mr. Hennessey,

I have received your FOIA request. The information you requested relating to the Battelle Memorial Institute EPA Contract EP-C-11-038, I would like the Limitation of Future Contracting clause from this contract is being researched.

I am requesting an extension of time to attain a response. I am asking an extension to August 28, 2014.

Please respond to this email message with your approval of the extension.

Thank you.
